### **ACTION TAKEN REPORT ON STUDENTS' FEEDBACK ON TEACHERS 2022-23**

The Internal Quality Assurance Cell obtains the students' feedback on teachers, every academic year, with a questionnaire that includes 10 attributes.

Feedback on the attributes 5, 6, and 7 were relatively low in 2022–2023. Attribute 8 received neutral response. The IQAC and departments took proactive measures to improve all the relevant attributes. College Council advised the teachers to adopt innovative methods for curriculum transaction which may generate interest in the course, and the connect the subject with their day-to-day life. The Council also advised the teachers to maintain one-to-one teacher – student interaction and strengthen the remedial classes. Students should give ample opportunity to apply course concepts to real-world situations by working on assignments and projects in the concerned disciplines. The committee advised the teachers to focus on integrating information with other courses so that students may gain a deeper understanding of the subject matter and its practical applications, and to develop an interdisciplinary approach to various concepts.
