

SREE NARAYANA GURU COLLEGE, CHELANNUR
ACTION TAKEN REPORT ON FEEDBACK FROM PARENTS, 2019-20

Colleges may establish more supportive and inclusive environment that encourages student achievement, by soliciting feedback from parents on academic and non-academic issues. Higher retention rates, increased academic performance, and better post-graduation outcomes can all result from this. During the academic year 2019-20, the institution collected feedback from parents through PTA meeting. The feedback questionnaire covers topics such as satisfaction with the college's teaching standards, academic excellence, discipline, campus safety, and other qualitative characteristics. Positive parent feedback can be extremely beneficial for teachers because it serves as validation of their hard work and dedication. The Principal and administration appreciated the parents for their favorable remarks and directed the teachers to strengthen their weaker aspects.

A handwritten signature in green ink, appearing to be "S. Ram" or similar, written over a horizontal line.
