ACTION TAKEN REPORT ON FEEDBACK FROM PARENTS, 2020-21

Due to the Covid-19 pandemic, for the academic year 2020-21, the teaching learning process was online. The Principal and Internal Quality Assurance Cell, collected feedback from parents on teaching learning through Google form. The questionnaire included the involvement of students in online classes, effectiveness of online teaching and other academic and non-academic matters. From the feedback, it was noticed that online classes limited the amount of interaction between teachers and students and among students themselves. To coordinate the students, the Principal advised tutors to conduct a live online session for informal interaction with their respective classes, once a week. Also to facilitate a more precise understanding of the teaching content, it was suggested that each department should conduct a live session at the end of each module.
