FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

STUDENTS' FEEDBACK ON TEACHERS

2021-22

The Internal Quality Assurance Cell has been taking the students' feedback on teachers, every academic year, with a questionnaire that includes 10 attributes, namely: 1. Knowledge base of the teacher 2. Communication skills (in terms of articulation and comprehension) 3. Sincerity or commitment of the teacher 4. Interest generated by the teacher 5. Ability to integrate course material with the environment or other issues to provide a broader perspective 6. Ability to integrate content with other courses 7. Accessibility of the teacher in and out of the class (includes availability of the teacher to motivate further study and discussion outside class) 8. Ability to design quizzes, tests, assignments, examinations, and projects to evaluate students understanding of the course 9. Provision of sufficient time for feedback 10. Overall rating. Feedback on the attributes 5, 6, and 7 were relatively low in 2021–2022. The IQAC and Principal had a detailed discussion about the issue and advised the Heads of the various departments to take proactive measures to improve all of the aforementioned attributes. College council advised the teachers to adopt innovative methods for curriculum transaction which may generate interest in the course and to connect the subject with their day-to-day life. Council also advised the teachers to maintain one-to-one teacher –student interaction and strengthen the remedial classes. Students should give ample opportunity to apply course concepts to real-world situations by working on assignments and projects in the concerned disciplines. The committee advised the teachers to focus on integrating information with other courses so that students may gain a deeper understanding of the subject matter and its practical applications, and to develop an interdisciplinary approach to various concepts.
