## A BRIEF HISTORY OF THE COLLEGE

Sree Narayana Guru College, Chelannur, which is celebrating its Golden Jubilee this year, is situated at the foot of the towering Kalari Hills, in a quiet village about 14 Kilometres in the north-east direction from Kozhikode. The college has a serene and extensive campus of about 67 acres, by the side of Kozhikode-Balusserly Road, noted for its scenic beauty and blessed with the natural spring water fountain in the south-east location. The institution has been catering to the academic needs and aspirations of the pupils in and around Chelannur for more than four decades.

The foundation stone of the college building was laid in February 1968 by Dr. T. Balakrishnan. The formal inauguration of the commencement of classes took place in June 1968 with Sri. R. Sankar, the Founder Secretary of the S.N. Trusts engaging the first Pre-Degree class. In 1975, With the beginning of under graduate courses in Botany and Commerce, the college was elevated to the status of a degree college. It became a venue for Post Graduate Studies with the commencement of M.Com degree course in 1995 and MA (English) Degree course in 1999. In March 2007 the college was accredited by the NAAC at the level of B+ grade and re-accredited by the NAAC at the level of B++ grade in October 2016.

At present the college is one of the prestigious institutions of higher learning run by S.N.Trusts, Kollam. It is managed by the executive committee of the S.N. Trusts with Sri. Vellappally Natesan as the manager. The Regional Development Committee, Calicut, assists the Trusts in the management and developmental activities of the college. The Principal is the Ex-officio member of the Regional Development Committee.

## Aims and Objectives of the College

It was His Holiness Narayana Guru's call to seek "liberation through education" which inspired the distinguished citizens of this backward area to start a new college. The basic objective of the institution is to provide education to the marginalised sections of the society. The college stands for the academic excellence as well as the development of the skill and character of students based on the Holy Guru's perspectives on humanism, secularism and universal brotherhood.

The motto of the college is 'Enlightenment through Education' and it endeavours to mould a community of students committed to the pursuit of truth and moral excellence, upholding the high ideals of Sree Narayana Guru, our Patron. We aim at building up a humane and socially committed fraternity of young men and women by the upliftment of the downtrodden masses through education.

Our institution is a major centre for higher education offering educational opportunities to the rural community. A sizeable number of our former students have been placed in coveted positions in India and abroad which has contributed to the general development of the area. Majority of the students of our college belong to the backward classes with 70 - 80% comprising girls. The institution is striving to achieve the goal of equal access and equal opportunity in all walks of life.

*Grace, Love, Mercy - all three - Stand for  
one same reality - Life's Stars

## Choice Based Credit Semester System (CUCBCSS)

A choice based credit semester system and grading have been introduced for the UG curriculum in affiliated colleges of the University with effect from 2009 admission. The curriculum restructuring envisages a thorough revamp of the existing one in concept, structure, content, spirit and methodology. The three governing principles are greater emphasis in methodology, interdisciplinary and academic freedom. The structure of an undergraduate programme comprises ten common course, core course (including two methodology courses informatics, an elective and a project) complementary course and an open course. The entire course of study and examination are known as programme (traditionally referred to as course) and the duration of a programme shall be six semesters in a period of 3 years. A semester is a sequence of 18 academic weeks of five working days each. It will have a minimum of 90 working days including examinations.

The measure of the weekly unit of work assigned for the course is known as the credit of the course. It is the index of the total number of teaching hours attended by the student. Usually 18 hours of class room teaching activity would make the student gain a credit. Extra credit is the additional credits acquired by the student for co-curricular activities.

## PROGRAMME STRUCTURE

1. Student shall be admitted into undergraduate programme under faculties of Science, Humanities, Language & Literature, Commerce & Management, Fine arts and Journalism and such other faculties constituted by university from time to time.
2. **Duration:** The duration of an undergraduate programme shall be 6 semesters distributed in a period of 3 academic years. The odd semester (1,3,5) shall be from June to

October and the even semester (2,4,6) shall be from November to March. Each semester shall have 90 working days inclusive of all examinations.

3. **Courses :** The under graduate programme shall include four types of courses, viz, Common course (code A), Core courses (code B), Complementary courses (code C), Open courses (code D). The minimum number of courses required for completion of an under graduate programme may vary from 30 to 40 depending on the credits assigned to different courses.
4. **Course Code:** Each course shall have an alphanumeric code number, which includes abbreviation of the subject in three letters, the semester number (1 to 6) in which the course is offered, the code of course (A to D) and the serial number of the course (01,02, .....). Course code will be centrally generated by the university. A particular complementary / open course should have same code with same credit even though it is offered for different programmes. For example: ENG2A03 represents common course of serial number 03 offered in the second semester and PHY2B02 representing second semester core course 2 in Physics programme.
5. **Core courses:** Core course are the courses in the major (Core) subject of the degree programme chosen by the student. Core courses are offered by the parent department. The number of core course varies from 10 to 18 including a project work.
6. **Complementary courses:** Complementary courses cover one or two disciplines that are related to the core subject and are distributed in the first four semesters.
7. **Open courses:** There shall be one open course in core subjects in the fifth semester. The open course shall be open to all the students in the institution except the students in the parent discipline. (They can choose an open course from a

different discipline). Each department/discipline can decide the open course from a pool of three courses offered by the university.

8. **Credits:** Each course shall have certain credits. For passing the degree programme the student shall be required to achieve a minimum of 120 credits of which 38 (22 from common (English) courses +16 for common languages other than English) credits shall be from common courses, a minimum of 2 credits for project and credits for the open course. (in the case of LRP Programmes 14 credits for common courses, 8 credits for Additional Language courses and 16 credits of General courses.) Minimum credits required for Core, Complementary and Open courses put together are 82. However the credits to be set apart for the core and complementary courses shall be decided by the faculty concerned. The maximum credits for a course shall not exceed 5. Honours and dual core programmes are having separate credits distribution.

9. **Attendance:** A Student shall be permitted to appear for the semester examination, only if he/she secures not less than 75% attendance in each semester. **Attendance shall be maintained by the concerned Department. Condonation of shortage of attendance to a maximum of 9 days in a semester subject to a maximum of two times during the whole period of a Degree Programme may be granted by the university.**

Benefits of attendance may be granted to students who attend the approved activities of college/university with prior concurrence of the head of the institution. Participation in such activities may be treated as presence in lieu of their absence on production of participation/attendance certificate in curricular/extra curricular activities. It should be limited to 9 days in a semester. The condonation of the shortage of attendance shall be granted according to the existing prescribed norms.

**If a student registered in first semester of the UG degree programme is continuously absent from the classes for more**

**than 14 working days at the beginning of the semester without informing the authorities the matter shall immediately be brought to the notice of the Registrar of the university. The name of such students shall be removed from the rolls.**

Admission to repeat courses should be within the sanctioned strength. However if more candidates are there, the candidates who have suffered serious health problems, on production of medical certificate issued by a physician not below the rank of a Civil Surgeon in Government Service, may be permitted to repeat the course, with a written order issued by the Registrar, Calicut university (By considering his/her SGPA/CGPA and percentage of attendance). **The number of such candidates should not exceed two.**

**10. Grace marks:** Grace marks may be awarded to a student for meritorious achievements in curricular activities (in Sports/ Arts/NSS/NCC Student Entrepreneurship) carried out besides the regular class hours. Such a benefit is applicable and limited to a maximum of 8 courses in an academic year spreading over two semester. No credit shall be assigned for such activities.

**11. Project:** Every students of UG degree programme shall have to work on a project of not less than 2 credits under the supervision of a faculty member as per the curriculum.

**12. Extension Activities :** Compulsory social service (CSS) for a period of 15 days is essential for the successful completion of a UG programme.

### **EXAMINATION**

- ◆ There shall be university examinations at the end of each semester.
- ◆ Practical examinations shall be conducted by the University at the end of fourth and sixth semesters.
- ◆ External Viva Voce, If any, shall be conducted along with

the practical examination/Project evaluation.

### **Evaluation and Grading:**

- ◆ Mark system is followed instead of direct grading for each question. For each course in the semester letter grade, grade point and % of marks are introduced in 7 point indirect grading system.
- ◆ **Course Evaluation:** The evaluation scheme for each course shall contain two parts (1)Internal Assessment (2)External evaluation.
- ◆ **Internal Assessment:** 20% of the total marks in each course are for internal examinations. The internal assessment shall be based on the pre-determined transparent system involving written tests, assignments/seminars/viva and attendance in respect of the theory courses.
- ◆ Components with percentage of marks of internal evaluation of the theory courses are, attendance - 25%, assignment/Seminar/Viva - 25% and test paper - 50%.

Above 90 % attendance	100 % marks allotted for attendance
85 to 89 %	80 %
80 to 84 %	60%
76 to 79 %	40 %
75 %	20 %

The internal assessment marks awarded to the students in each course in a semester shall be notified on the notice board at least one week before the commencement of external exam. There shall not be a chance for improvement of the internal marks.

- ◆ **External Evaluation:** External evaluation carries 80% of marks. External evaluation of even (2,4,6)semesters will be conducted in centralised valuation camps. Answer scripts of odd semester (1, 3and 5) exams will be evaluated by home centralised valuation. All question papers shall be set by the university.

The external examinations in theory courses is to be conducted with question paper set by external experts. The evaluation of

the answer script shall be done by examiners based on a well-defined scheme of valuation and answer keys shall be provided by the University. The external examination in practical courses shall be conducted by two examiners one internal and an external appointed by the University. The project evaluation with viva can be conducted either internal or external which may be decided by the BOS concerned. No practical examination will be conducted in odd semester. Practical examination shall be conducted in the even semester (II,IV,VI) and as per the decision of the appropriate academic bodies.

- ◆ After the external evaluation only marks are to be entered in the answer scripts. All other calculations, including grading, are done by the University.
- ◆ Revaluation: In the new system of grading revaluation is permissible. The prevailing rules of revaluation are applicable to CUCBCSS-UG 2014.
- ◆ Students can apply for photocopies of answer scripts of external examinations. Application for photocopies/scrutiny/revaluation should be submitted within 10 days of publication of results. The fee for this shall be decided by the university.

### **INDIRECT GRADING SYSTEM**

- ◆ Indirect grading system: based on a 7 point scale is used to evaluate the performance of students.
- ◆ Each course is evaluated by assigning marks with a letter grade (A+, A, B, C, D, E or F) to that course by the method of indirect grading.
- ◆ An aggregate of E grade with 40% marks (after external and internal put together) is required in each course for a pass and also for awarding a degree.
- ◆ Appearance for Internal Assessment (IA) and End Semester Evaluation (ESE-external) are compulsory and no grade shall

be awarded to a candidate if she/he is absent for IA/ESE or both. For a pass in each course, 40% marks or E grade is necessary.

- ◆ A student who fails to secure a minimum grade for a pass in a course is permitted to write the examination along with the next batch.
- ◆ After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below. For the successful completion of a semester, student should pass all courses. However a student is permitted to move to the next semester irrespective of SGPA obtained.

SGPA of the student in that semester is calculated using the formula

$$\text{SGPA} = \frac{\text{Sum of the credit points of all courses in a semester}}{\text{Total credits in that semester}}$$

The Cumulative Grade Point Average (CGPA) of the student is calculated at the end of a programme. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students. CGPA can be calculated by the following formula.

$$\text{CGPA} = \frac{\text{Total credit points obtained in six semesters}}{\text{Total credits acquired (120)}}$$

**SGPA & CGPA** shall be rounded off to two decimal places. CGPA determines the broad academic level of the student in a programme and is the index for ranking students in terms of grade points in a programme.

### **Method of Indirect Grading**

Evaluation (both internal and external) is carried out using mark system. The grading on the basis of a total internal and external marks will be indicated for each course and for each semester and for the entire programme.

Indirect Grading System in 7 point scale is as below:

$$SGPA = \frac{\text{Sum of the Credit Points of all Courses in a semester}}{\text{Totl Credit in that semester}}$$

$$SGPA = \frac{C1G1 + C2G2 + C3G3 + \dots}{C1 + C2 + \dots}$$

Where G1,G2, .... are gade points and C1,C2, ... are credits of different courses of the **same** semester. Credit points of a semester=SGPA X Credit load of the semester.

% of Marks (A+ ESE)	Grade	Interpreation	Grade point Average (G)	Range of grade points	Class
90 & above	A+	Outstanding	6	5.5 - 6	First class with Distinction
